

The Gray Family – Axel, Becky, Murphy and Rush

Becky Gray is JDRF North Florida's Walk to Cure Diabetes, Family Team Chair and a JDRF board member. Becky's son Rush Gray was diagnosed with type 1 diabetes in 2006 at the age of 6 years old and she has been advocating for a cure ever since that day! Rush was Walk Junior Ambassador for the 2009 Walk, on top of raising money and awareness for his own team Rush's Rangers. Becky's passion is helping, mentoring and assisting families who are affected by type 1 diabetes and helping them to get involved in the Walk and JDRF, so that they can have the satisfaction of knowing that they are actively participating in helping to find a cure!

If you are interested in participating in the Walk to Cure Diabetes or you are a family who want to know more about JDRF, e-mail Becky at beckygray1@comcast.net. Becky will be more than willing to connect you with other families, help you start a Family Team and would LOVE to have you as part of the Family Team Committee!

Become a part of the JDRF family today and be known as the generation that helped find a cure for type 1 diabetes!!!!
